Not Independent

We are bound to inform you that the advice provided by our representatives is not independent, impartial and unbiased as our representatives may receive commissions in relation to life insurance products and other financial products. We also operate with restrictions relating to the financial products our representatives are authorised to recommend. i.e. our representatives cannot provide advice on products that are not on our Approved Product List.

Documents you may receive

You are entitled to receive a 'Statement of Advice' (SoA) on the first occasion that we provide you with personal advice. Personal financial advice is advice that considers one or more of your objectives, financial situation and needs. The SoA will:

- Explain the advice and the basis of the advice,
- Provide information about our remuneration (including fees and commissions), and
- Disclose any associations or relationships that could potentially influence us in providing the advice.

For further advice we may provide you with an SoA or a Record of Advice (RoA). An RoA may be provided instead of a SoA, if there have been no significant changes in your personal circumstances or the basis of the advice has not significantly changed since the SoA was provided.

Copies of all advice documents will be retained on your client file and if you have not already been provided with one you may ask for a copy of these documents at any time.

We will also provide you with, or explain how to access, a Product Disclosure Statement ('PDS') issued by the product issuer for any financial product we recommend. The PDS contains information about the costs, benefits, risks and other features of the recommended financial product. You should read this information to enable you to make an informed decision prior to purchasing the recommended financial product.

What financial services are we authorised to provide and how will these be provided to you?

Our Representatives can provide you with advice and strategies on the following financial products.

- Life insurance products;
- Managed Investment Schemes (including an Investor Directed Portfolio Service (IDPS));
- Superannuation;

They may also offer financial services and strategic advice that covers the following areas:

- Wealth Creation
- Retirement Planning
- Risk management and Protection of Assets
- Retrenchment and Redundancy advice
- Centrelink entitlements
- Salary Packaging
- Income Protection
- Estate Planning

Our Representatives can only provide advice on financial products within these classes and where they appear on the Statesman Financial Solutions "Approved Product List." The Approved Product List includes a large range of investment and insurance products for which the appropriate research and analysis has been undertaken.

A Representative of Statesman Financial Solutions cannot advise you on, or influence you in favour of, a financial product which:

- is not on the approved product list; or
- is a managed discretionary account, or any arrangement where your Adviser can make changes to your portfolio before obtaining your consent; or
- is a product they are not authorised to provide advice on.

Your adviser may conduct a business separate from being a Statesman Financial Solutions adviser, and we are only responsible for the financial products and services described in this FSG and included on our approved product list.

Do I get detailed information about actual commissions and other benefits my adviser gets from making the recommendations?

Yes. Specific dollar and percentage amounts received by Statesman Financial Solutions and its authorised representatives will be clearly disclosed in all Statements of Advice and Records of Advice provided.

Can I tell my adviser how I wish to instruct you to buy or sell my investments?

Yes. You may specify how you would like to give us instructions, i.e. by telephone, fax or email. However, in all instances we will require your consent before we complete a transaction.
